WHO IS IT FOR?	All hair types and over all chemical service
WHAT DOES IT DO?	Reduces curl up to 40% - 50%. Eliminates 100% of frizz.
AVAILABLE SIZE:	33 oz. (Liter)

Hapuna Hawaiian Keratin Straightening Treatment is a safe, non-toxic and environmentally friendly keratin rich straightening treatment that is formaldehyde free. It has a low molecular weight keratin that penetrates the hair shaft, correcting damage and restructuring the hair from the inside out. The hair will become stronger, shinier and more manageable. Hawaiian Keratin Straightening Treatment is designed to be used on all hair types and over all chemical services. It is not necessary to pre-treat or condition damaged hair; the restructuring benefits will correct any previously chemically damaged or abused hair. This treatment is also ideal for protecting the hair cuticle from any thermal or UV rays. The results will be straighter, shinier, silkier and damage free hair that has added strength, manageability and control.
